For the details of the Equity Incentive Scheme, please refer to the Circular and the circular dated May 14, 2021. Except for the above-mentioned Amendments, the other content of the Equity Incentive Scheme shall remain unchanged. The Board believe that the proposed Amendments will not have significant impact on the Company's financial conditions and operating results. Such Amendments shall be effective from the date of consideration and approval by the Board.

Reasons for and Benefits of the Amendments to the Equity Incentive Scheme

In order to better capture the development opportunities arising from the rapid growth of the Chinese economy, continue to enhance the Company's core competitiveness and influence and maximize the interests of the Shareholders, the Company is preparing for its A-share listing. According to the Equity Incentive Scheme, in the event the Participants may not unlock the Incentive Shares due to the failure to meet performance evaluation targets of the Company's performance results or the fact that the Participants do not meet the appointment requirements and individual performance evaluation targets, the Company will assume the repurchase obligations. Such obligations will result in non-compliance with the requirements regarding capital certainty when the Company apply for listing of its A Shares in the future.

According to the requirements in respect of "the authorization to the Board to deal with, in its absolute discretion, matters relating to the Equity Incentive Scheme of the Company" under the Equity Incentive Scheme, the Board may make amendment to the Equity Incentive Scheme pursuant to the relevant laws and regulations and the requirements of the relevant regulatory authorities on the condition that the Company applies for the initial public offering and the listing of A shares, including but not limited to making a proposal for advance unlocking, cancelling the performance evaluation conditions, extending the Locked-up Period and other arrangements. Therefore, the Company's Board has resolved to cancel the performance assessment requirements in the Equity Incentive Scheme by further amending the Equity Incentive Scheme, so as to cancel the Company's obligation to repurchase the locked Incentive Shares.
